Sizing Worksheet

Alpha Factor

You can use this *new* size worksheet as a record to help you determine the correct garment sizes for your team members (remember to re-measure as new garments are needed). After getting everyone's measurements you'll need to refer to the revised size charts, which are located in the last pages of this price list. Before you begin, please make copies of this sizing worksheet.

This worksheet is only for your convenience, do not fax or mail to Alpha Factor.
